### SHERMAN WON'T TALK POLITICS

Then the Vice President Begins Telling of Taft and His Courage.

CLINTON, Iowa, Aug. 27.—Vice-President Sherman stopped in this city today just long enough to tell the Weiden Springs audience that he would not talk politics, and he did not unless an eulogy of Taft may be called politics.

This is the first halt made by the vice-president in a trip which is to carry him through Missouri and Oklahoma, ending next Saturday night in Oklahoma.

He is accompanied by his brother-in-law, Captain Sherrill Babcock of New York.

"William H. Taft is a patriot," declared Sherman. The Weiden Springs audience shuffled in its chairs, because for twenty minutes the speaker has been telling them that he would not talk politics, and he did not unless an eulogy of Taft may be called politics.

"William H. Taft is a patriot," declared Mr. Sherman. "Behind that charming personality, behind that sunny smile, behind that disposition that would avoid controversy, there is courage, stability and the firmness to meet any contingency. An illustration of this is when, last June, the presidents of several great corporations went to the White House, and they went, figuratively, with chains on their shoulders."

The president might have met them in the same spirit, the chin-on-his-shoulder spirit, and there would have been an unpleasant result.

"A man of less courage might have given way. But President Taft did not do so. There was a calm, nervous talk, and when it was over, the agreement was that the government should go ahead in its course, and that the courts should be called on to settle the contentions."

That is the way Mr. Sherman referred to the somewhat famous meeting of Taft and the railroad managers to consider the freight question.

IMMENSE CROWD AT THE AUTOMOBILE RACES

ELGIN, Ill., Aug. 27.—The crowd which gathered here today to see the crack automobile drivers go 305.03 miles for the Elgin national trophy was estimated at double that which saw the curtain raisers yesterday, probably 100,000 persons.

CHOLERA HAS BROKEN OUT IN VIENNA

VIENNA, Aug. 26.—Cholera, it is officially announced, has broken out in this city. After throwing doubt for two days on the reports of the case in Vienna, the health department of the ministry of the interior announced that the bacteriological commission had decided that the patients were suffering from Asiatic cholera.

### YOUTH WINS THE GREAT AUTO RACE

Drives a Lozier 305.03 Miles in 4:52—Averages 62.5 Miles Per Hour.

ELGIN, Ill., Aug. 27.—Ralph Mulford, a youth driving a car that never faltered today won the greatest race ever seen in the west. He drove a fifty horse-power Lozier 305.03 miles in 4:52:29.85, or at an average speed of 62.5 miles per hour. He ran 203 miles without a stop and then halted only because he was under fire. The prehension as to one of his tires proved to be all right, but he seized the opportunity to take gasoline and water and was off again after a minute's delay. Albert Livingstone and Arthur Grenier, both piloting forty horse-power Nationals, finished respectively second and third. Livingstone's average was 60.2 miles an hour and Grenier's 60.4. Livingstone's total elapsed time was 5:04:10.90 and Grenier's 5:13:23.03. George Robertson, whose Simplex looked like a winner over the first 16 miles during which he climbed from fifth to first, and had a lead of three seconds over Mulford, developed a remarkable streak of bad luck. Thereafter he was compelled to change the tires eighteen times. He had no other kind of trouble, but one inner tube after another went back on him. When his tires would be finished fourth, including stops he averaged 54.9 miles an hour.

Another Simplex, driven by Saynor, was the only other car running when Starter Warner stopped the race. There were thirteen starters, but no driver was hardy enough to wear the number "13" on the bonnet of his car.

The long grind, which began at 10 o'clock and did not finish until nearly four o'clock in the afternoon, eliminated eight cars, including those of Mulford, Harman, and Grant, whose Vanderbilt winning also much had been hoped.

Mulford ran the first 76 miles at the heels of Robertson. When the latter began having trouble with his tires, Mulford took the lead and was never headed.

After running 156 miles without a hit of trouble, Mulford turned on a little more speed and reeled off four laps in succession from one to four seconds under eight minutes.

H. Saynor, who like Robertson, was at the wheel of a Simplex, was unable to get the speed out of his machine. He did the first two laps in slightly better than a mile a minute, but thereafter ran from one to two minutes slower and steadily dropped behind. He was compelled to stop several times to change tires. He had covered 265.6 miles in 5:21:49 when the race was stopped.

The course of the race left the two Nationals to fight the two Simplexes for second and third positions. Saynor couldn't run fast enough and Robertson was retarded by his endless tire changing which in the end left the fight for second and third honors to Livingstone and Grenier, the former coming out second by a narrow margin.

### ECHO OF UTAH BANK ROBBERY

Joseph Nelson, Former Cashier, Must Pay \$13,250 on Note Given Institution.

SALT LAKE, Aug. 27.—According to an opinion handed down by the supreme court this afternoon, Joseph Nelson, former cashier of the Utah National bank, must pay the bank the \$13,250 on the note he gave the institution at the time a robbery of \$106,250 from the vault of the bank was discovered in January, 1908. The principal opinion was written by Justice McCarty, Justice Friel concurring; but Chief Justice Straup wrote the dissenting opinion.

The case is a peculiar one. In January, 1908, it was discovered by the officers of the Utah National bank that \$106,250 had been stolen from the vault of the bank was threatened and therefore W. S. McCormick and Mr. Nelson came to its aid with big amounts. Mr. Nelson giving his note for \$13,250. The standing of the bank was thus maintained. Afterward Mr. Nelson insisted that the note had been given without any consideration and therefore he would not pay it.

Suit was commenced in the lower court and judgment against Mr. Nelson rendered. This judgment was this afternoon affirmed.

Though a thorough search was made for the robbers of the bank funds and government detectives were employed, the guilty party was never found.

SEVEN PERSONS LOST LIVES IN WRECK

Durand, Mich., Aug. 27.—That at least seven persons lost their lives in the Grand Trunk wreck near Durand, was established late last night when H. A. Jeffers of Washington, D. C., identified the supposed body of Mrs. Catherine Squires as that of his wife. It is known that Mrs. Squires perished and the identification of the body of Mrs. Jeffers adds one more to the death list.

Coroner S. C. Hatchel is inclined to believe two or three persons were killed in the wreck besides those whose bodies were recovered.

### "CLOSED SHOP" A CONSPIRACY

Justice Goff Decides Clockmakers' Strike Is in Restraint of Trade.

NEW YORK, Aug. 27.—A strike which demands the "closed shop," Justice Goff decided today in general session court, is a conspiracy in restraint of trade, and therefore illegal. This ruling came in his opinion granting the injunction asked for by the clockmakers against the sixty thousand strikers who have been striking for several weeks.

While there are other demands of the clock strikers, among them shorter hours and more pay, it is possible that an agreement for a settlement of the strike might have been reached several weeks ago had the workers given in on the single point about the closed shop.

The decision does not affect the strike, which will be called off shortly.

NEW YORK, Aug. 27.—Parades of protest broke out all over the east side this afternoon, on receipt of the news that Justice Goff had ruled in the state supreme court today that a strike which demands the "closed shop" is a conspiracy in restraint of trade.

Bands of the sixty thousand clock makers now on strike marched through the streets, one of them to the city hall, carrying banners and American flags and shouting "closed shop" at every step. There was no violence.

Justice Goff's decision granted an injunction to a member of the manufacturers protective association in restraint of acts of violence, threats, picketing and patrolling by strikers.

"The primary purpose of this strike," reads his decision, "is not to better the condition of the workmen, but is to deprive other men of the opportunity of their right to work."

He supports his ruling with a recent decision of the state court of appeals, against the Thompson-Starrett company, a large building corporation which he cites as follows: "The court of appeals has held that it is against the policy of the state for employers who control practically the whole trade in a community to combine for the purpose of compelling workmen to join a particular union as condition of employment."

If the rule thus laid down be the law, and it must be accepted as such, being the latest expression of the court of appeals, it must be applicable to workmen as well as to employers. It would be repugnant to reason to hold that it applies to one and not to the other."

A final vote on the tentative agreement reached yesterday between the strikers and the manufacturers will not be reached unless late tonight. General opinion inclines to the belief that the terms will be accepted.

\$1.00—SALT LAKE AND RETURN—\$1.00.

PULLMAN CO. IS AIDING BROWN

CHICAGO, Aug. 27.—Charles that the Pullman company is aiding the defense of Lee O'Neil Browne, minority leader of the Illinois legislature, in his trial on the charge of buying votes to elect William Lorimer to the United States senate, were made in court today by State's Attorney Wayman.

The charge was followed almost immediately by subpoenas for the appearance Tuesday before a special grand jury of numerous officials and clerks of the Pullman company, including John C. Patterson, division superintendent.

\$3.50 RECIPE CURES WEAK MEN ———FREE

Send Name and Address Today—You Can Have It Free and Be Strong and Vigorous

I have in my possession a prescription for renewed ability, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men and I am convinced it is the surest, quickest combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop dragging himself with harrowing, painful, and expensive medical treatment, and secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly and quietly. Just drop me a line like this: Dr. A. E. Robinson, 4420 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain ordinary envelope free of charge. A great many doctors would charge \$3.00 to \$5.00 for merely writing out a prescription like this—but I send it entirely free.

**TUNGSTENS**

Are you trying to reduce your lighting bill. The hours of lighting are increasing and the long nights will soon be with us. Have you tried the wonderful lamp called the tungsten? They reduce the amount of current 40 per cent and your bills will be in proportion. Don't buy one lamp and expect to get the promised results, put in tungstens wherever you use much light then you will reduce your bills.

A 40 watt tungsten will give you 25 candlepower. Our Edison lamps use 56 watts and only give you 16 candlepower. The tungsten lamp costs more, but it more than makes up its cost in the saving of the current used. Night becomes day when tungstens are used. They are unexcelled for the home or the store in economy and brilliancy. When the sun goes down turn on the tungsten lamp—his only rival.

For sale at reduced prices.
